Our Mission

Our mission is to deliver a user-friendly Artificial Intelligence & Blockchain platform for creating smart legal contracts like MOU, NDA, Will & Various agreements.

Law Blocks AI simplifies contract creation with automation, transparency, privacy, cost-effective, state and country wise.

Our Vision

To provide affordable legal solutions globally through the power of Artificial Intelligence and Blockchain Technology.

A wooden gavel with a tiered head and a handle, resting on a large, rounded wooden block. The background is a faint, light-colored illustration of a city skyline with various buildings.

Features of Law Blocks AI

Creating Legal Documents with AI Globally

1. Easily generate precise legal documents using our advanced AI tool.
2. Save time, reduce errors, and enjoy seamless efficiency in every draft.
3. Secure your work with cutting-edge technology.

Sharing & Editing of Documents

- 1. Instant Sharing:** Share legal documents effortlessly with clients and colleagues.
- 2. Real-Time Collaboration:** Edit documents together in real-time for precise and efficient workflows.
- 3. Blockchain Protection:** Safeguard document integrity with blockchain-powered security.

Cryptographic & Digital Signature

- 1. Secure Cryptographic Protection:** Law Blocks AI uses advanced encryption to keep your documents tamper-proof.
- 2. Legally Valid Signatures:** Digitally sign documents with ease and legal recognition.
- 3. Blockchain Verification:** Ensure transparency with signatures stored securely on the blockchain.

Uploading on IPFS XDC Blockchain

Cryptographic and digitally signed documents are immutably stored on the IPFS (Inter Planetary File System), ensuring integrity, transparency with Law Blocks AI, every step from drafting, signing & storing is secure, transparent, and legally compliant.

Purchase ready-made documents using LBT tokens or create custom agreements with AI.

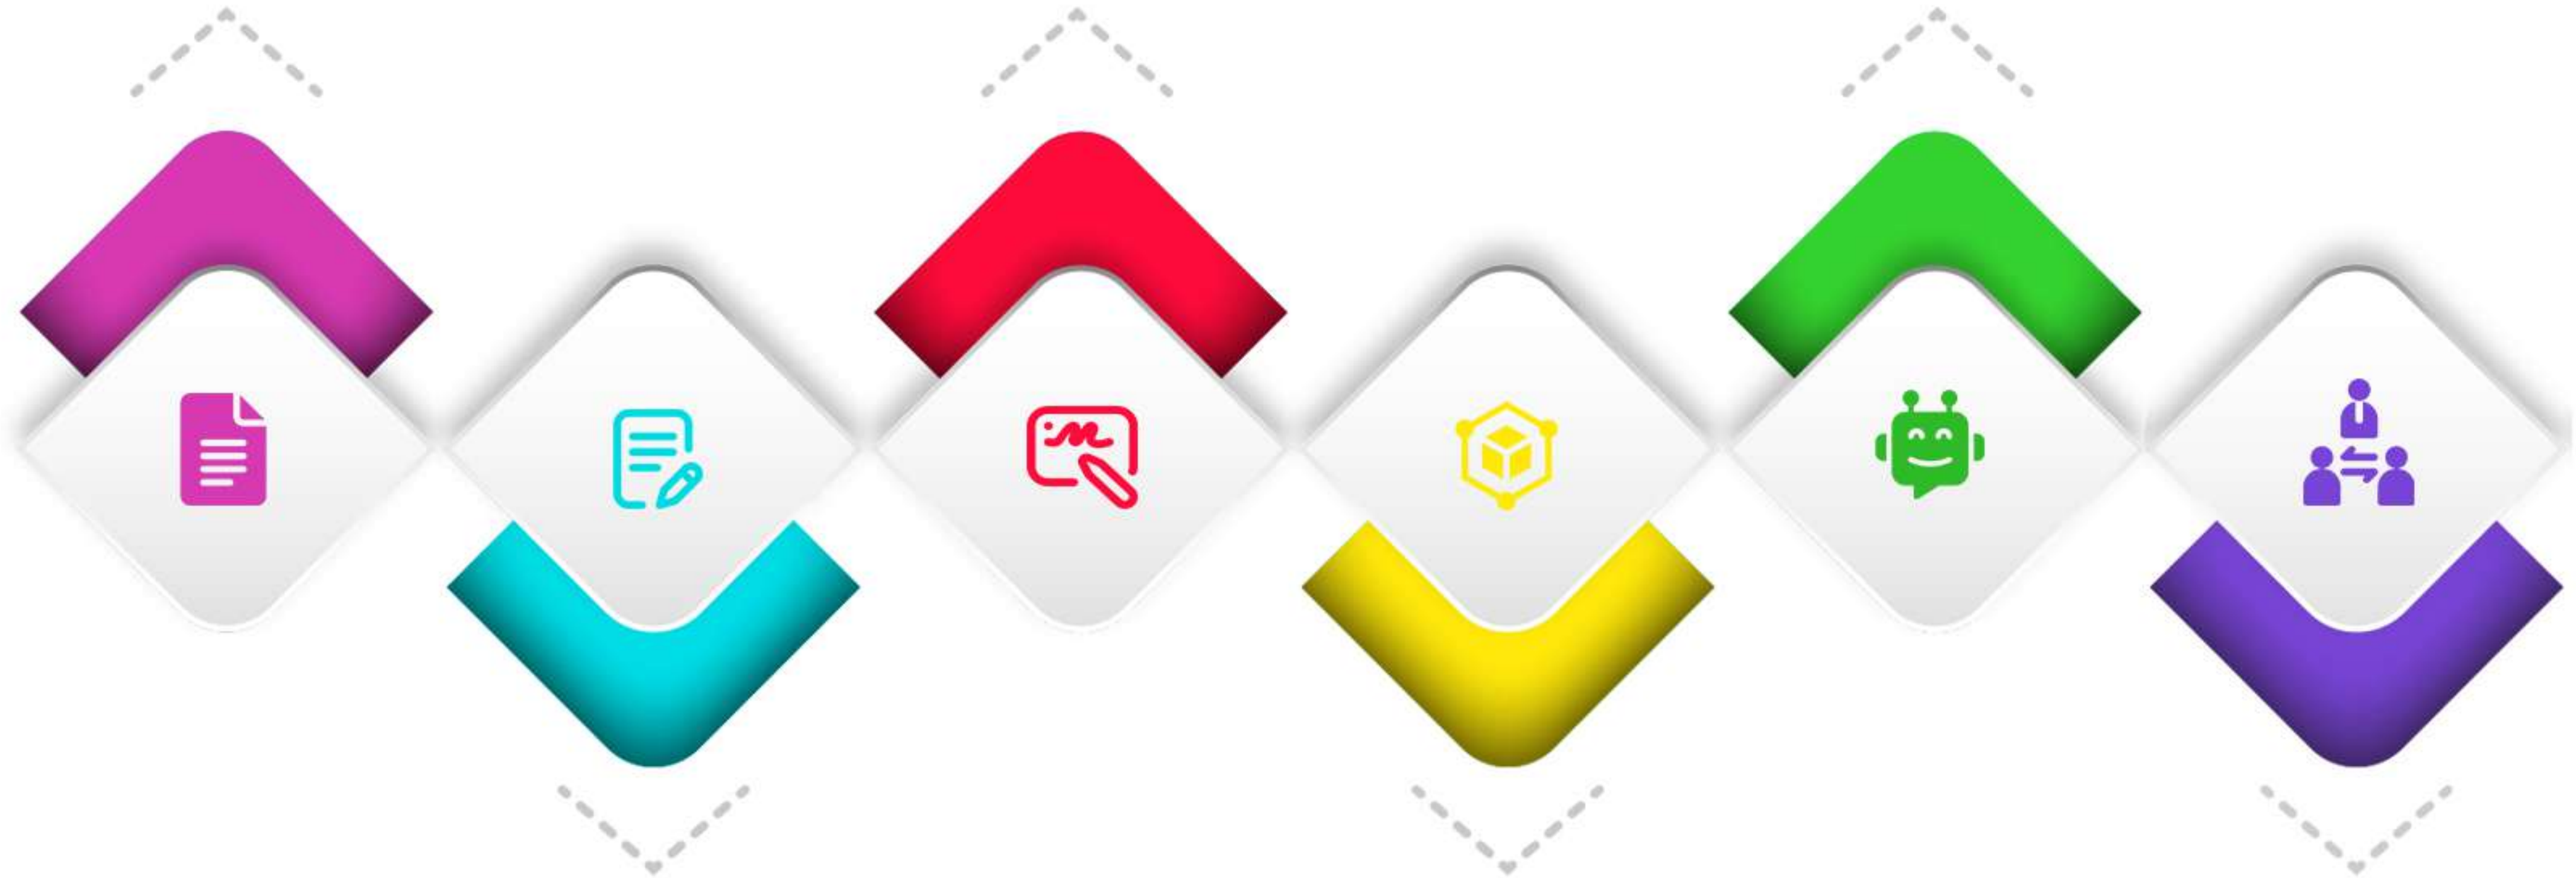

AI LEGAL TEMPLATE

Contracts can be uploaded, edited, shared, and signed remotely by both parties.

DIGITAL SIGNATURE

Clarifies all your legal queries. It allows users to engage in a continuous dialogue. Global access.

AI LEGAL CHAT

SHARING AND EDITING

Securely share and collaboratively edit legal documents for accuracy and efficiency.

UPLOAD ON XDC BLOCKCHAIN

Store and access documents securely anytime on the XDC Blockchain.

ARBITRATION & MEDIATION

Resolve disputes efficiently with Law Blocks AI's arbitration and mediation feature

Artificial Intelligence (AI) at Your Finger Tips

1. Legal Help: Legal solutions effortlessly with AI tools.
2. Medical emergency requirements tailored to Country | State.
3. General information as to your requirements.

Alternate Dispute Resolution through Mediation and Arbitration

ADR Focus: Law Blocks AI streamlines legal conflict resolution through mediation and arbitration.

Comprehensive Tools: Offers ADR, ODR, and EDR for efficient dispute resolution outside courts.

Global Standards: Adheres to the New York Convention (1958) for internationally recognized arbitration awards.

Trust & Reliability: Ensures enforceable resolutions backed by global legal frameworks.

Modern Approach: Combines advanced technology with traditional principles for seamless dispute handling.

Mediation & Arbitration Courts

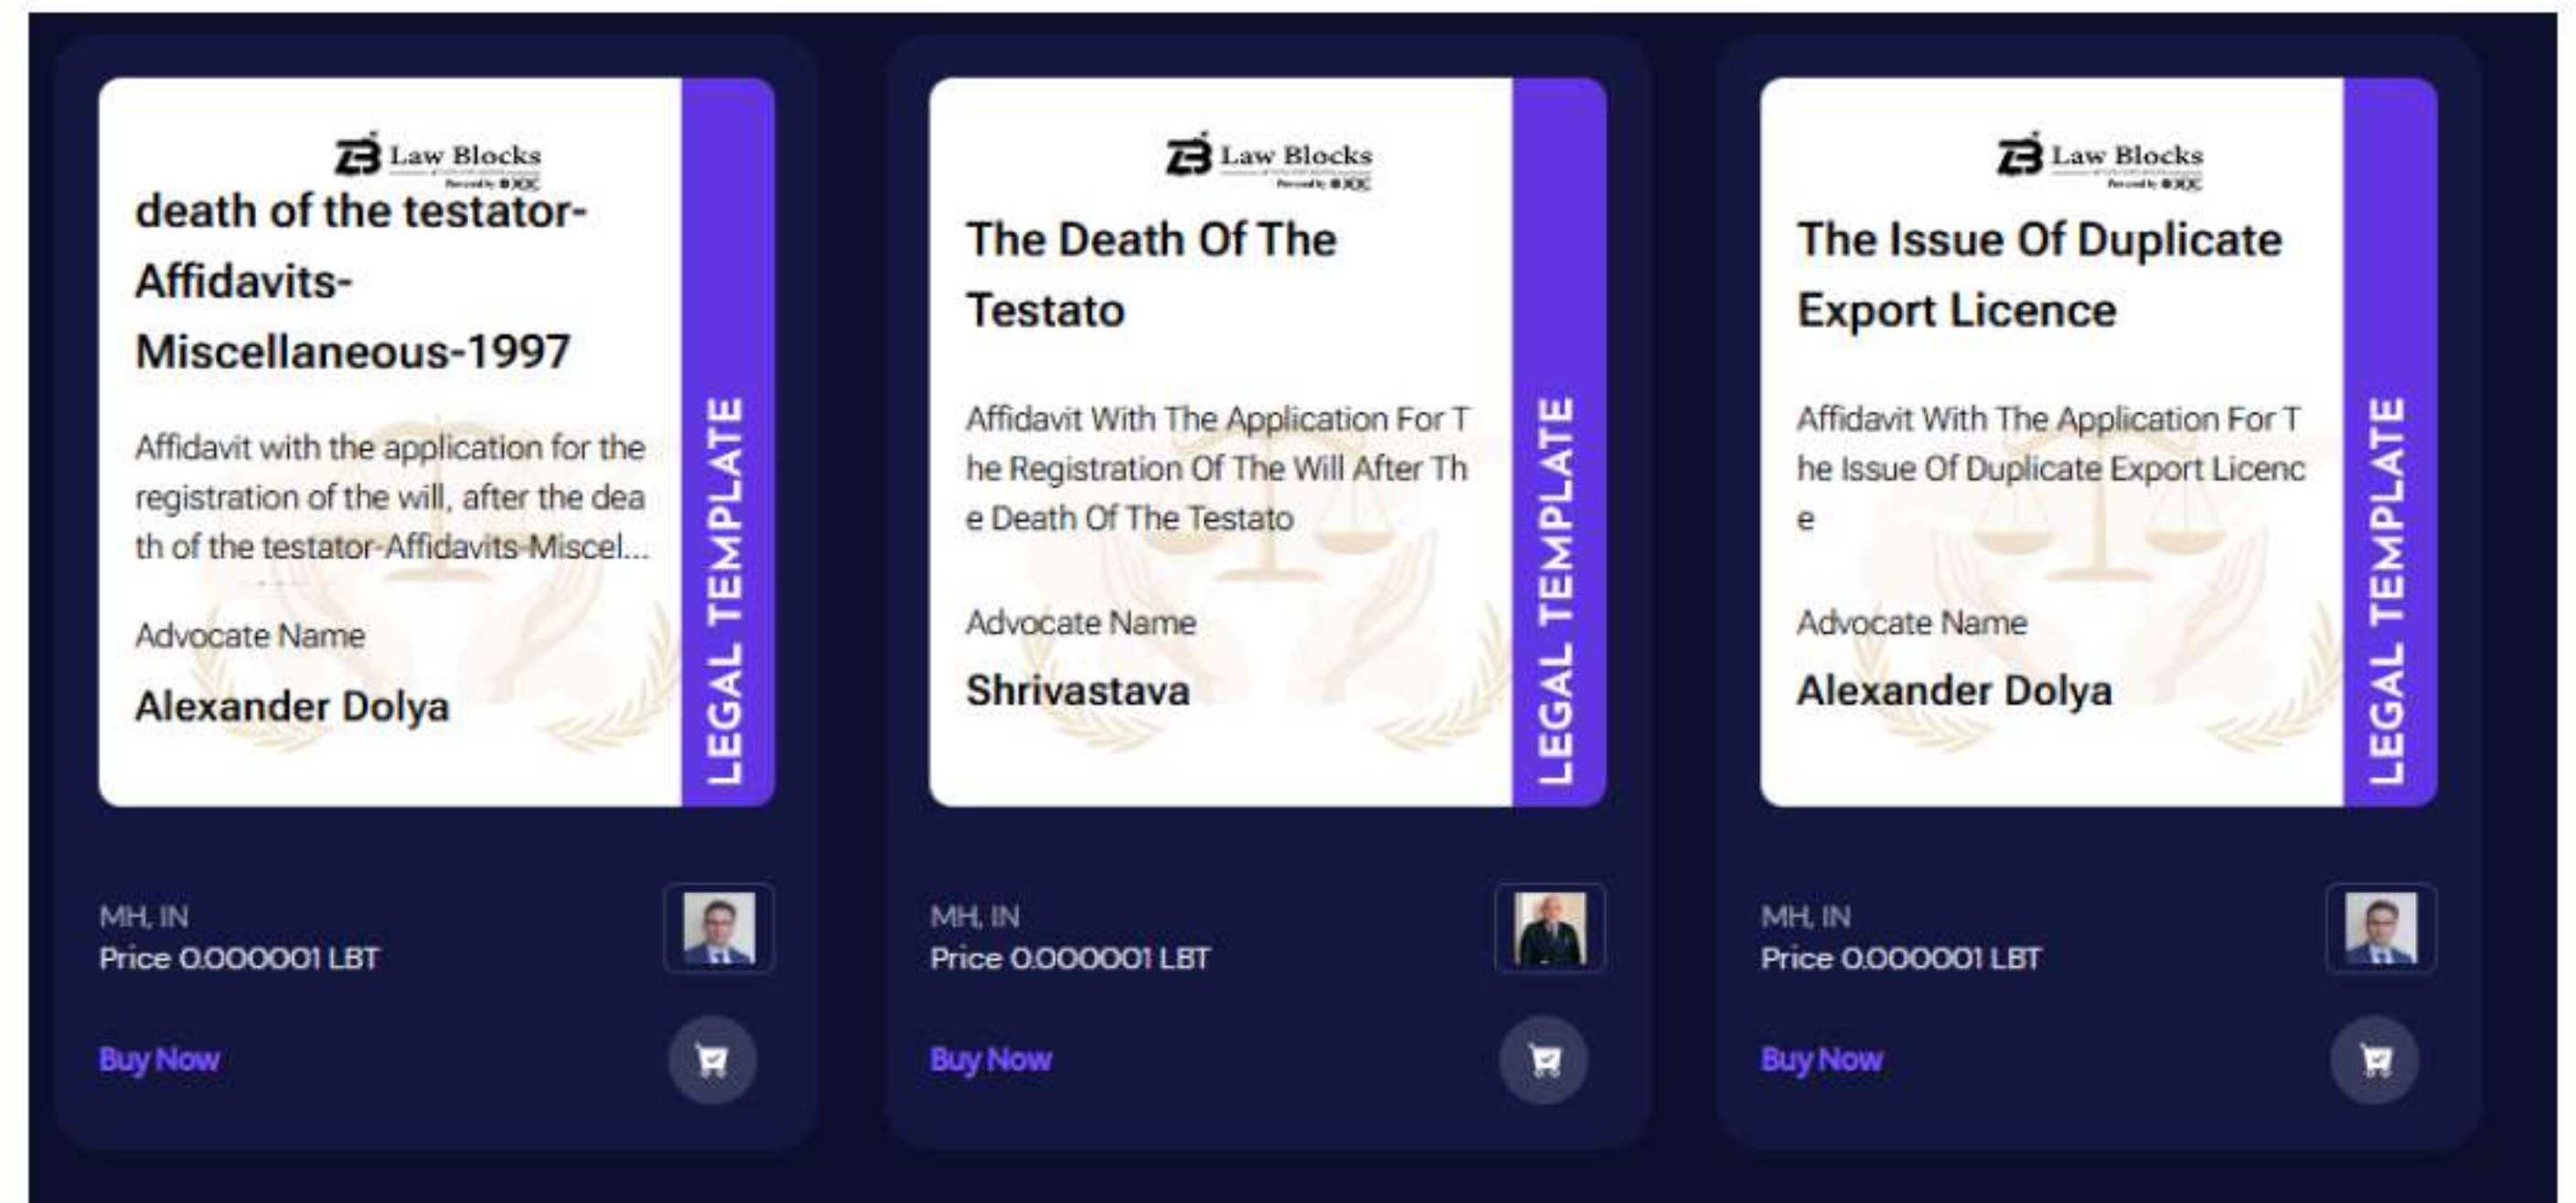

Law Blocks AI offers Mediation & Arbitration solutions through Arbitration Court.

- 1. Faster Resolution:** Reach agreements quicker compared to traditional court proceedings.
- 2. Cost-Effective:** Save time & money on legal fees associated with court battles.
- 3. Confidentiality:** Maintain the privacy of your dispute.
- 4. Experienced Professionals:** Law Blocks AI connects you with qualified mediators and arbitrators worldwide.

Law Blocks AI - Pre-drafted Legal Template

- 1. Saves Time:** Ready-to-use templates reduce the need for manual drafting.
- 2. Customizable:** Easily edit templates to fit specific needs.
- 3. Cost-Effective:** Affordable legal solutions without hiring experts.

Exchanges - Bitrue, Bitmart & XSwap

Law Blocks AI token is listed on Bitrue, Bitmart, XSwap, Coin Market Cap, Coingecko.
